FINANCE G.O.No. 1 5828 12/3 BANGALORE

The estimate does not show credit for dismantled materials. This should be done because

(1) This is a work for which Cash Allowance is made.
(2) we will lose sight of the materials.

The dismantled materials may if necessary be auctioned

This will be included in the G.O.

To

The Secretary to Government,
Revenue Department,
Bangalore

Sir,

Combined store-room and Dispensary building near Belogala Pump House - Vani Vilas Water Works, Mysore

I have the honour to state that the wood used for the roof of the above building, which is partly of Mangalore tiled and partly of Madras terrace is reported to have been deteriorated and it is necessary to renew the roofing before it - - collapses As a moisture proof it is proposed to put on reinforced concrete roofing for the entire building at a cost of Rs 810/- as per the accompanying estimate submitted by the Executive Engineer, Water Supply Division.

2 There is no provision for this work in the estimate amounting to Rs 6,64,000/- for immediate improvements to Mysore Water Supply sanctioned in G O No L 3674-6/Ml 67-45-4 dated 12-11-1945 But it is proposed to be met out of savings - - expected as a result of low tendered rates for constructing a service reservoir of 2 Millions Gallons Capacity, costing - Rs 2,50,000 (vide , item 4 of the comprehensive estimate referred to above)

3 I therefore, request you to be so good as to convey the approval of Government to the estimate amounting to Rs 810/- for the work at a very early date

I have the honour to be
Sir,
Your most obedient servant,

SS.22/2

CHIEF ENGINEER FOR IRRIGATION
